Yes, I think that would be appropriate for you to tell them that it is not currently appropriate for EPA to be commenting on EPA's webpage about the Integrated Plans for these two cases.

Robyn DeYoung led the discussion on the call, and Colin Geisenhoffer sent the email request to Steve and myself.

Thanks,
Mark

Steve/Mark - Do you want me to reach out to the coordinator and tell them these are not good candidates right now? Let me know - Thanks.

Subject: FW: Tier 2 Integrated Planning One Page Profiles for Review

Stacie and Rick,

I wanted to loop you in about the Integrated Planning call that we had with HQ this week. HQ wants to post 1-pagers on EPA's website for each of the Integrated Plans that EPA is aware of (including and Harrisburg). HQ has drafted the 1-pagers, and wants the Regions to review. Afterwards, HQ wants either the Regions or HQ to send the 1-pagers to the municipalities to ask them to review (which will give them a chance to put their "PR" spin on the 1-pagers). HQ wants the 1-pagers to be finalized and posted online sometime this summer.

I'm not sure whether you or Rick have been informed about this effort, so I want to make sure that you are aware of what is being planned and what is being asked of Steve and myself.

In their request, HQ asked us to "Indicate if there are any specific concerns with these plans at the Regional or State levels and incorporate any State comments as you see fit." With your support, I would like to tell HQ that we have concerns

Nonresponsive based on revised scope

Mark

Subject: Tier 2 Integrated Planning One Page Profiles for Review

Hey Liz, Ryan, Steven, and Mark,

Per the Water Infrastructure Improvement Act of 2019, we drafted a report to Congress that provides an overview of EPA's 2012 Integrated Planning framework as well as the municipalities who have developed an integrated plan in accordance with that framework. According to our records, there are two municipalities in your Region that have completed tier two integrated plans: [Nonresponsive based on revised scope](#) and Harrisburg, PA.

Before we put up the summary profiles for those municipalities on our website, we need you to:

1. Decide if you want to reach out to [Nonresponsive based on revised scope](#) or Harrisburg or if you're OK with us contacting them directly. Please update this [table](#) accordingly. Attached is a template email you can send to the municipalities once you reviewed the profiles and we've all agreed on comments if you choose to contact them yourselves.
2. Review the one-page profiles and provide comments within 2-weeks – *Due 5/19 COB* (bonus points for being early 😊). You can find our profiles [here](#).
3. Indicate if there are any specific concerns with these plans at the Regional or State levels and incorporate any State comments as you see fit.

Tier 2 Profiles

[Nonresponsive based on revised scope](#)
[Harrisburg, PA](#)

Please make your edits by Wednesday, May 19th as we need a final version that incorporates both the region and municipalities comments and photos by Friday June 4, 2021.

Sincerely,

CG
